## RAMPTECH® PCA ADAPTOR

### FINALLY AN ADAPTOR THAT PROTECTS DUCTING AND IS EASY TO USE!

### BUILT TO BE THE BEST

Failure is not an option. Especially on a busy ramp where every moment counts, and the difference between optimal efficiency and time lost can depend on the GSE parts you choose. Sage Parts worked with RAMPTECH® engineers to create a patented and INNOVATIVE PCA Adaptor.

The NEW RAMPTECH® PCA Adaptor from Sage Parts is engineered best

to perform best – day in and day out, year after year, under the most demanding conditions.

This new coupling is designed for easy use and operator comfort. The coupling's unique shape will solve the problem of ducting wear at the cuff. The coupling also includes an easily replaceable gasket and protective barrier to ensure a long life.

Engineered to be easier for GSE personnel to fasten on and off.

360° protective wear guard around the unit protects the duct and cuff from chafing damage and excess wear.
